**DESCRIPTION**

Basic concepts of modern Japanese. Reading and writing of characters, essentials of grammar, basic vocabulary, and oral drills on normal speech patterns. JPNS207 is a second course of our Japanese Program (continuing from JPNS205) and covers Lesson 7 to Lesson 12 of Genki I (The Japan Times) textbook. Required computer assisted learning. This course may not be repeated for credit.

**[Prerequisites]**

Japanese 205 or consent of the Department

**[Note]** All university level prerequisites for Japanese language courses must be met with a grade of "C-" or higher. Students may be required to complete different requirements if the assessment of their language backgrounds shows that this is appropriate.

**OBJECTIVES**

Students will build the acquisition of basic Japanese-language ability by developing the grammatical accuracy, comprehension and communicative ability in the four basic language skills (listening, speaking, reading, and writing) in Japanese while increasing an awareness of general knowledge of Japanese culture raised in their language learning. Since our courses are focused on oral communication skills, students who complete Beginners' Japanese courses (JPNS205 and JPNS207) can speak simple Japanese everyday phrases and play a good role as icebreaker to ease communication in various occasions, such as business meetings with Japanese speakers. Also, students will be able to deal with everyday incidents while traveling in Japan and to enjoy numerous interactions with local people in Japan.

**OUTCOMES**

After successfully completing Japanese 207 (Genki I L7 to L12), the students will be able to...

- Handle simple situations dealing with basic personal and family information.
- Express thoughts and opinions regarding simple daily life.
- Talk about and comment on past events; hold a basic conversation on future plans.
- Recognize 87 additional Kanji, and learn 145 Kanji in total.

#### **INTEGRITY AND CONDUCT**

All members of the University community have a responsibility to familiarize themselves with the Statement on Principles of Conduct, and to comply with the University of Calgary Code of Conduct and Non-Academic Misconduct policy and procedures (available at: <http://www.ucalgary.ca/pubs/calendar/current/k.html>).

#### **Academic misconduct**

1. **Plagiarism** is a serious offence, the penalty for which is an F on the assignment and possibly also an F in the course, academic probation, or requirement to withdraw. Plagiarism exists when:

- a) the work submitted or presented was done, in whole or in part, by an individual other than the one submitting or presenting the work (this includes having another impersonate the student or otherwise substituting the work of another for one’s own in an examination or test);
- b) parts of the work are taken from another source without reference to the original author;
- c) the whole work (e.g., an essay) is copied from another source, and/or
- d) a student submits or presents work in one course which has also been submitted in another course (although it may be completely original with that student) without the knowledge of or prior agreement of the instructor involved.

While it is recognized that scholarly work often involves reference to the ideas, data and conclusions of other scholars, intellectual honesty requires that such references be explicitly and clearly noted.”

Plagiarism occurs not only when direct quotations are taken from a source without specific acknowledgement but also when original ideas or data from the source are not acknowledged. A bibliography is insufficient to establish which portions of the student’s work are taken from external sources; footnotes or other recognized forms of citation must be used for this purpose.

2. **Cheating** at tests or examinations includes but is not limited to dishonest or attempted dishonest conduct such as speaking to other candidates or communicating with them under any circumstances whatsoever; bringing into the examination room any textbook, notebook, memorandum, other written material or mechanical or electronic device not authorized by the examiner; writing an examination or part of it, or consulting any person or materials outside the confines of the examination room without permission to do so, or leaving answer papers exposed to view, or persistent attempts to read other students' examination papers.

3. **Other academic misconduct** includes, but is not limited to, tampering or attempts to tamper with examination scripts, class work, grades and/or class records; failure to abide by directions by an instructor regarding the individuality of work handed in; the acquisition, attempted acquisition, possession, and/or distribution of examination materials or information not authorized by the instructor; the impersonation of another student in an examination or other class assignment; the falsification or fabrication of clinical or laboratory reports; the non-authorized tape recording of lectures.

4. Any student who voluntarily and consciously aids another student in the commission of one of these offences is also guilty of academic misconduct.

#### **INTELLECTUAL PROPERTY AND COPYRIGHT LEGISLATION**

Course materials created by instructors (including presentations and posted notes, labs, case studies, assignments and exams) remain the intellectual property of the instructor. These materials may not be reproduced, redistributed or copied without the explicit consent of the instructor. All students are required to read the University of Calgary policy on Acceptable Use of Material Protected by Copyright (<https://www.ucalgary.ca/policies/files/policies/acceptable-use-of-material-protected-by-copyright.pdf>) and requirements of the Copyright Act (<https://laws-lois.justice.gc.ca/eng/acts/C-42/index.html>) to ensure they are aware of the consequences of unauthorised sharing of course materials (including instructor notes, electronic versions of textbooks etc.). Students who use material protected by copyright in violation of this policy may be disciplined under the Non-Academic Misconduct Policy.
