**DESCRIPTION**

Basic concepts of modern Japanese. Reading and writing of characters, essentials of grammar, basic vocabulary, and oral drills on normal speech patterns. JPNS207 is a second course of our Japanese Program (continuing from JPNS205) and covers Lesson 7 to Lesson 12 of Genki I (The Japan Times) textbook. Required computer assisted learning. This course may not be repeated for credit.

**[Prerequisites]**

Japanese 205 or consent of the Department

**[Note]** All university level prerequisites for Japanese language courses must be met with a grade of "C-" or higher.

**OBJECTIVES**

Students will build the acquisition of basic Japanese-language ability by developing the grammatical accuracy, comprehension and communicative ability in the four basic language skills (listening, speaking, reading, and writing) in Japanese while increasing an awareness of general knowledge of Japanese culture raised in their language learning. Since our courses are focused on oral communication skills, students who complete Beginners' Japanese courses (JPNS205 and JPNS207) can speak simple Japanese everyday phrases and play a good role as icebreaker to ease communication in various occasions, such as business meetings with Japanese speakers. Also, students will be able to deal with everyday incidents while traveling in Japan and to enjoy numerous interactions with local people in Japan.

**OUTCOMES**

After successfully completing Japanese 207 (Genki I L7 to L12), the students will be able to...

- Handle simple situations dealing with basic personal and family information.
- Express thoughts and opinions regarding simple daily life.
- Talk about and comment on past events; hold a basic conversation on future plans.
- Recognize 87 additional Kanji, and learn 145 Kanji in total.

[Policy in case of missed or late for any graded coursework]

When you are missing or can't complete any graded coursework such as tests, quizzes and assignments/projects) in time with a legitimate reason, you must communicate with your course instructor PRIOR to the event or the deadline. Failing to do that will result in no make-up or extension.

[Guidelines for tests/quizzes/assignments]

#### **Unit Tests**

There are 3 unit tests and these are CLOSED textbook. During in-person course delivery, each unit test consists of a written test section, which makes up 30% of the test grade, and an online test section, which makes up 70% of the test grade. During the online course delivery, each unit test consists only of the online test, which makes up 100% of the test grade. The written test is a short 10-20 min. These tests are open for a regular test length + an additional 50% extension (Ex. 30min. + 15min.=45min.) to allow for any technology issues that may arise. You have only ONE attempt, and once you start a test, you must complete it within a fixed time limit. However, you can choose when to start your test within 24-hour access window. For all the unit tests, extensions of the accessing time (online test only) and make-ups are NOT allowed, unless you have a legitimate reason including a serious accident, illness, and so forth.

The questions will be shuffled and switched each time you attempt and you must repeat the quiz 5 TIMES minimum for your better understanding. Make-ups and extensions of the accessing time are NOT allowed, unless you have a legitimate reason including a serious accident, illness, and so forth.

#### **Projects**

The projects are take-home projects/in-class. Project 2 has two main components (writing assignments/presentations/ peer reflections). All these tasks must be handed in by the deadline in-person or via D2L. The extension of the deadlines is NOT allowed, unless you have a legitimate reason including a serious accident, illness, and so forth. Late submissions will be accepted for only writing assignments and presentations. Each late submission will be subject to a 5% deduction per day. No submission will be accepted if more than 1 week has past and will result in a grade of zero, unless you have a legitimate reason including a serious accident, illness, and so forth. Note: If you need to submit after the due date, please email to your instructor to re-open the submission files since all files will be closed on the due date.

#### **Other course tasks (Including "Lab" tasks)**
